QUADCORE™

Introducing QUADCORE™, a new dawn for comfort technology, QUADCORE™ offers a truly sustainable solution that through advanced technology, unites sustainability and comfort seamlessly. Its unique glue free design means that every QUADCORE™ spring system is 100% recyclable and can be reinvented in a future life, eliminating the need for landfill or incineration. With 256 coils per m^2, the patented QUADCORE™ manufacturing process ensures stability, quality, comfort and consistency in every pocket spring we make.

WAKE UP TO SUSTAINABLE COMFORT

	Pocket Height (mm)	Coil Count (m^2)	Technical Textile
QUADCORE™	185	256	Standard (Polypropylene)
